# BOOKS

## ***Just Like the Wind*** **(children's book)**

This is a story about a little girl who had a bad dream one night. Her mother comes to comfort her and along the way talks to her about God and prayer. This is an excellent book to read to children to start the conversation about God and how He comforts children even during scary times.

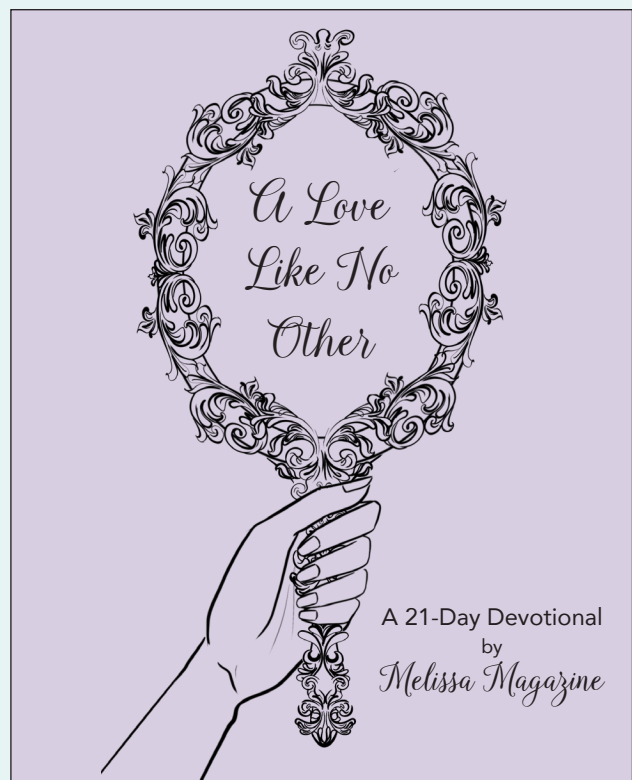

## ***A Love Like No Other*** **(21 Day Devotional)**

Life, and all of its circumstances and challenges, have left you drained and discouraged. Your faith tank is on empty, your heart and spirit have been broken more times than you can count, and you are promising and pleasing *everyone* but the one who need you the most — that's you.

In this powerful devotional, Melissa Magazine guides women through a transformational, 21-day journey with heart-centered teaching, scripture, reflection, and meditation moments.

At the end of this experience, you will have the confidence to live the bold, beautiful life that God is beckoning you to and the courage to take your first step along that path to your dreams.
